

# Electric Vehicle Association of San Diego

## December 2016

To all EVAOSD members and friends,

First the fun stuff:

We are having a holiday party!! Bring your favorite holiday treat--sweet or savory--but just small bites. This will be a feast of desserts! Most of all, we will socialize and enjoy talking about driving electric. Bring your wives, husbands, significant others, EV fans and friends. All are welcome. Open to the public and free.

The regular place and time:  
Wednesday, December 21<sup>st</sup>, 7:00 pm  
Center for Sustainable Energy  
9325 Sky Park Court, Suite 100  
San Diego, CA

Now for the Election stuff:

The EVAOSD leadership will host a special December meeting at CSE to celebrate the holidays and also select a new president of our association.

In addition to paid EAA members voting for a new president, we are offering the opportunity for all members to consider stepping up to a more meaningful position in the organization. We ask all of you to consider running for any of the four main positions of President, Vice President, Secretary, or Treasurer.

It has been at least three years since any of those positions has changed hands and a few more since Joseph began as our president.

If you are interested in running and being a candidate for any of the main four offices, please send me a one-page, or less, summary of your pertinent experience, how you would support EVAOSD in the contested position, and the leadership you would bring to the club. You also need an active EVAOSD member to nominate you for the position.

Deadline for candidate submissions will be Midnight, Wednesday, 14 December 2016. I will turnaround those candidate statements to the email collective on Thursday 15 December for everyone's consideration.

We recognize that not all members can make it to our 21 December election party. Paid EAA members of EVAOSD will be given the right to vote either (1) in person at our 21 DEC meeting, or (2) by absentee to myself, Joseph, and Lloyd.

I don't think we need a process for confidential voting. A raised hand count and verified e-mails should suffice for our group.

The final vote count will be completed by 8PM on Wednesday 21 Dec 2016 during our Holiday meeting.

Please, email me with any question or concerns. I can arrange a phone call if necessary.

-Dave Crow  
Secretary and Newsletter Editor, EVAOSD
